

AHMED ABDULLAH ELSAID

JUNIOR APPLIED AI ENGINEER | LLM EVALUATION & AI QUALITY

Sharjah, UAE | Available immediately | +971 56 269 8933 | ahmedabduahmed2001@gmail.com

[LinkedIn](#) | [GitHub](#) | [Live LLM Evaluation Lab](#) | [Source Code](#)

PROFESSIONAL SUMMARY

Software Engineering graduate moving from 800+ recorded hours of bilingual AI data and response evaluation into applied AI product work. Built and deployed a bilingual LLM Evaluation Lab with substantial AI coding assistance, then reviewed, tested, debugged, and documented the system. Strong in evaluation design, prompt specification, Arabic-English quality judgment, and translating requirements into testable workflows.

CORE SKILLS

Applied AI: LLM evaluation, rubric design, prompt creation, response ranking, instruction following, safety, localization, human review, multimodal annotation

Technical: Python, FastAPI, REST APIs, SQLite/SQL, Git/GitHub, OpenRouter, Render; working familiarity with React/TypeScript, Docker, Unity/C#

Delivery: Pseudocode, requirements clarification, test cases, review and debugging of AI-generated code, documentation, deployment troubleshooting

Languages: Arabic (native), English (professional working proficiency)

SELECTED APPLIED AI PROJECT

LLM Evaluation Lab | Bilingual AI Quality Workspace 2026

Live application and public source code

- Built and deployed a full-stack evaluation workspace with substantial AI coding assistance using FastAPI, React/TypeScript, SQLite, OpenRouter APIs, GitHub, and Render.
- Implemented datasets, multi-model experiments, automated scoring, human review, failure analysis, schema validation, tests, and CSV export.
- Created Arabic-English benchmark cases for localization, grounding, safety, privacy, ambiguity, fabricated citations, and uncertainty; reviewed generated code through structured testing and iterative debugging.

PROFESSIONAL EXPERIENCE

Freelance AI Data & LLM Evaluation Specialist | OneForma/Centific, CrowdGen, Upwork, Clickworker Jun 2025 - Present

Remote

- Completed 3,000+ Arabic and English AI-quality tasks across 800+ recorded hours on project-based and task-based engagements.
- Evaluated correctness, instruction following, relevance, clarity, localization, safety, and comparative response quality using detailed, changing guidelines.
- Created prompts and reviewed text, image, voice, map, transcription, segmentation, URL, and data-collection outputs; documented judgments and investigated edge cases.

IT, Document Control & Marketing Assistant | Al Saifi Decoration 30 Apr 2025 - 1 Aug 2026

Sharjah, UAE

- Supported PCs, software, document records, reporting, accounting administration, purchasing, suppliers, customers, and daily operational workflows.
- Produced marketing photos, videos, banners, catalogues, business cards, online profiles, and Instagram campaigns; built and maintained the company website with AI-assisted development.
- Designed a Glide workflow to track 100+ physical catalogues by details, location, and borrower, and documented repeatable processes for non-technical users.

Programming Instructor | 3C Schools Aug 2023 - Nov 2024

Egypt - Online

- Delivered 10-15 two-hour lessons weekly for learners ages 7-18 in Python, web development, and Unity/C#.
- Explained programming fundamentals, guided hands-on projects, troubleshooted code, and adapted feedback to different learner levels.

EDUCATION

B.Sc. in Software Engineering | Helwan University | 2018-2023 | GPA 3.28/4.00 | Very Good with Honors
